EXPERIENCE

3Skill Training

May 2026 – Jul 2026

Web Development Intern

Remote

- Completed a 2-month internship focused on modern web development and industry-oriented practices.
- Built responsive and interactive web applications using HTML, CSS, JavaScript, React.js, and Node.js.
- Worked on project-based learning, improving frontend development, API integration, and debugging skills.
- Strengthened Git/GitHub workflow, problem-solving, and collaborative software development practices.

Commonwealth Bank (Forage)

Apr 2026

Software Engineering Virtual Experience

Remote

- Completed real-world software engineering tasks through a virtual job simulation.
- Developed and styled a website using HTML, CSS, and UI design principles.
- Gained knowledge of cybersecurity fundamentals and web hosting concepts.
- Practiced technical documentation and professional communication.

PROJECTS

EduTech Skill Finder Using AI | React.js, Node.js, Express.js, MongoDB, OpenAI API

- Developed an AI-powered platform to recommend personalized career paths and skill-learning journeys
- Built smart dashboards with real-time progress tracking and AI mentor using LLM-based prompts
- Designed RESTful backend using Node.js/Express and stored user data in MongoDB with dynamic React frontend

Real-Time Voice Agent Interview Platform | WebRTC, Node.js, Socket.io, OpenAI Whisper API

- Created AI-driven mock interview system using real-time voice interaction in browser
- Integrated Whisper API for speech-to-text and GPT for generating interview questions and feedback
- Implemented low-latency communication using Socket.io and stored session data in MongoDB

EDUCATION

Dev Bhoomi Uttarakhand University

Aug 2023 – Aug 2027

B.Tech in Computer Science

Dehradun, India

R.P.S. College

2020 – 2022

Class XII (PCM)

Patna, India

Nezamiah Public School

2020

Class X

Patna, India

CERTIFICATIONS

Complete Web Development Course – Udemy (2025)

Digital Productivity with AI – UNICEF (2025)

Crash Course on Python – Google (2024)

SKILLS

Languages: JavaScript, Python, java, C, HTML, CSS

Tech Stack: React.js, Node.js, MongoDB

Tools: Git, GitHub, VS Code, OpenAI API
